FINE ICE CREAM

ALL NATURAL INGREDIENTS • AUSTRALIAN MADE

Established in 1985 from a small shop in Hawthorn, Chuck's Ice Creamery Pty Ltd has now grown into Melbourne's foremost manufacturer of artisan ice cream and sorbets for the foodservice industry. Supplying many of the city's finest clubs, hotels and restaurants, we are renowned for our high quality products backed up with on-time deliveries and service.

At Chuck's we understand how important it is for your business to serve the highest quality products to your customers. To this end we only use the finest ingredients in all our ice creams. For example, our vanilla bean is flavoured with vanilla beans...that's all. Our blueberry is made using only Victorian blueberries. Because of this some of our flavours and colours can be subtle, but never harsh or artificial. The experts agree, awarding us many Gold Medals at the Royal Melbourne Show over the years.

We also offer a bespoke service where we will develop a new flavour combination to your specifications.

At Chuck's we don't cut corners, so your customers will always finish their meal with a dessert to remember!
